Pathways! They beckon, they invite, they lead us. They direct us to new heights, they promise us new vistas, they call us homeward to rest.

During a year at Bowen, we tread, symbolically, many pathways, all of them leading us toward that great highway of our life achievement. As you turn the pages of this book you can retrace the pathways of the past year, recall the companions you have met along the way.

In Memoriam

MARGUERITE H. LISTON

THEY SOFTLY WALK

They are not gone who pass
 Beyond the clasp of hand,
 Out from the strong embrace.
 They are but come so close
 We need not grope with hands,
 Nor look to see, nor try
 To catch the sound of feet.
 They have put off their shoes
 Softly to walk by day
 Within our thoughts, to tread
 At night our dream-led paths
 Of sleep.
 They are not lost who find
 The sunset gate, the goal
 Of all their faithful years.
 Not lost are they who reach
 The summit of their climb
 The peak above the clouds
 And storms. They are not lost
 Who find the light of sun
 And stars and God.

CATHERINE M. HARTIGAN

In Appreciation

Bowen has great appreciation for all that Miss Hartigan has meant to it during her service. Her high standards of professional ethics and service to the school have helped to maintain the Bowen traditions. As English instructor, senior class sponsor and yearbook adviser, her many talents were at the service of the student body. We miss you, Miss Hartigan.

Dear Sandra,

Ever since we well freshies we've been good friends. I hope our friend lasts thru out our entire four years here. I'm sure we'll have a lot of fun in Gamma together. I sure hope ~~out~~ we will have more classes together. Always,
next semester.

Graduates

The graduate's pathway leads away from our beloved school. For four years he has looked forward to the day when he will don the cap and gown that betoken the completion of one stage of his life journey. He is about to step out onto a broader road where he, and others like himself, will press on to another, higher goal. But before the resolute start, one last fond look backward.

Dear Sam

I wish you lots of
luck in your future
years to come.

May God Bless You
Always

Administration

Some pathways are smooth and well demarcated; others are so rough, and so poorly marked that the traveler runs the risk of straying and even losing all sense of direction. For these perilous sections of our high school path, we look to those guides who are ever ready to point out the route that will lead us to the achievement of worthwhile goals in life.

Dear Sandy:
I've known you for
along time + I think your
the sweetest + cutest kid anyone
could ever know. I want to wish
you all the success + happiness
in the world + lots of luck in
the future years at Bower. I
know you'll have all the success
you want so always stay the same.
I hope our friendship will always
be the same. May God Bless You
Always Sand. Never forget me
Always (Sasek)

THE BOWEN STORY

For those of us attending Bowen now in 1956 it would be interesting to take a look back and just find out why and how Bowen was started, why it was named Bowen High School and how it has changed in the past fifty years. Let's take a look back.

Bowen Grammar School at 93rd Street and Houston Avenue was where our high school first began in 1882. Two dressing rooms combined made up the classroom where seven students were taught by John B. Strasburger and Myra M. Montfort and graduated in 1885.

They had a pump in the back yard for their physical laboratory, a sand lot for a gym, a ditch on South Chicago Avenue with tadpoles, turtles, and lizards in it for a zoological laboratory. This is a far cry from Bowen of 1956.

Charles I. Parker took over Mr. Strasburger's place as superintendent in 1885. Through his efforts and those of Frances Potter the high school enrollment grew rapidly and a new provision for space was needed to adequately handle all the students. Thus the present building was built and in 1910 it was dedicated in the name of James Harvey Bowen.

Mr. Bowen was born in Manhiem, New York and died in South Chicago in May of 1881. He was a postmaster, and assistant U.S. Marshal, wholesale merchant, banker and Colonel of the New York Troops. Through his efforts the Calumet region was developed. Sloughs were drained, the river was deepened, and docks, piers and railroad bridges were built. Because of his great help in making their area become one of the greatest industrial regions of the world, the people of the Calumet Region thought it would be appropriate to have the high school built for their children, named in honor of him.

Since the building of the high school up to the present time there have been many changes and additions to it. For example, for a long time the lunchroom was in the room 500 and the present lunchroom was the gymnasium. The auditorium was used as a study hall. Many of the classes were held in Bessemer Park. Our present library used to be two classrooms and the rooms 205 and 205a made up the library. In 1938 the present gymnasium was added to the building. In 1954 the auto shop was built, and in 1955 the new chemistry lab was completed.

Bowen has had eight principals: Charles I. Parker, Archibald DeButts, Frank W. Stahl, William T. McCoy, Oscar F. Fowler, Robert C. Keenan, William P. Hearne, and our present Principal, Dr. Hildegard M. Romberg.

MATT. 7:7

Scientific progress has increased greatly the complexity of life. A graphic representation of modern living might be a mass of multi-directional lines. Every aspect of today's living whether it be health, education, vocation or recreation might be similarly pictured. Countless pathways beckon with lures of real or questionable merit to come hither. Which pathway to choose is an ever present problem.

Life is a series of choices. The history of an individual is the sum total of his choices. If the choices have been wise then life, replete with opportunities and satisfaction, will be greatly cherished. Unwise choices lead to despair and gloom.

Wise decisions occur not by accident, nor by chance; they result from purposeful moral, spiritual, intellectual, and emotional training. They are made on the basis of thinking, not feeling. They are the outcome of careful weighing of all facts and information, not hasty generalization. They take into consideration long-term values, not merely immediate, temporary gains. They are rooted in the training of home, school, and church, not in the influence of undesirable associations.

This concept of a wise choice guides every phase of teaching and learning at Bowen High School. It is the keystone of living together in this great high school. May the experience at Bowen High School serve every student in making wise choices throughout life.

Dear Sandy

Well Sandy, I have known you for about 1 year now. I have known you for a friend & hope that you will be a friend for the future. You are a sharp and well stay that way. You will gain many more friends!

Best of Luck in the future
Your friend

"Be prepared in mind and resources."

Always.

Hindsight is an old term. Its meaning should be quite clear to you now, since as graduates, you can look in retrospect to the many pathways that have brought you to this day—your graduation from Bowen High School.

These pathways have been many: the school, the church, the home and the community—and above all your ability to assimilate all the good and fit, and to eliminate the bad and wasteful. Without this innate ability—call it character if you wish—you would not have been able to adhere to the pathways that have carried you thus far. May these same pathways continue to enhance and enlighten you in your pursuits through life.

Perhaps, of some quiet evening in the years hence you will turn the leaves of this book, think in retrospect, and say to yourself, "Yes, my pathways prior to the publication of this book have contributed much to the subsequent pathways of my life." May your future and the place you establish in society be evidence of the good pathway, in part, that Bowen High School has paved for you.

Activities

Not all of us travel the same pathway to reach the high road, nor would we wish to do so. Bowen offers us many routes, many by-paths, where we may increase our appreciation of beauty and strengthen the bonds of fellowship. Ever keeping our life goals before us, we pursue our interests, satisfy our curiosity, develop our talents as we tread these pleasant by-ways of our high school.

Dear David,
The Best of
Luck to a
real swell kid
Lenore

Sandra,
It was nice
having your friend
had a wonderful time
with you in gym & football
period. (Don't forget to
load Luck. (Don't forget to
I had a very nice time
with you at Assembly Part
& in school. "Peanuts"

BOOKS! BOOKS! BOOKS!

Science manuals, Spanish readers, English surveys, dictionaries, French novels, mathematics texts, stenography guides, Latin grammars—books by the thousand! But every one of them is a matter of record from the day it

arrives in a crate to the day when, tired and obsolete, it is tied up and sent away, its work done. The work of recording, stamping, distributing and collecting is the work of the small, efficient crew working under the guidance of Mr. Huebner.

The programs for 1955-56 showed variety and originality. The club subscribed to a series of 10 Kodaslide tours of Paris, Versailles, Alsace, Mont St. Michel and Chartres. At the Christmas party Ramona Larson, Kay Schwartz, Joan Langerman and Carol Donley gave a performance of "The Littlest Angel" which Carol had translated into French. At another meeting a group read Kay Schwartz's translation of "The Straw Ox". Two comedies were performed before other language students. Carole Kira was president during the entire year.

Irene, Kay, Sharon, Sue, Sidney, Harvey and Mona read *Le Boeuf de Paille*

Bebe hangs the butcher in French.

Ramona, Carol, Kay, Joan give *Le Plus Petit Ange*

French Club meeting.

Future Teachers of America

Our school has no more enthusiastic group than the Bowen Chapter of the Future Teacher's of America. It has an active program which is focused on the purposes of the organization as stated in its national chapter:

1. "to encourage young people to cultivate in themselves the qualities of personality and character which are the foundations of successful teaching;
2. to acquaint young people with the inspiring story of the schools, the part schools

have played in the development of our democratic way of life, the heroic pioneering associated with their establishment and expansion;

3. to provide young people with specific information about opportunities in the various fields of education."

In other words, this club is organized for our Bowen Juniors and Seniors, both boys and girls, who are interested in a teaching career or think they would like to find out whether or not they are interested in this greatest of professions.

Music is one of the most forcible instruments for arousing, for governing the mind and spirit of man.

The Library Cub is composed of students who give service in the Library. They perform many useful tasks, such as desk work, shelving books, mending books, and preparing magazines for circulation. For this service they receive credit toward membership in the National Honor Society

and Tau Pi Alpha. The club meets once a month to discuss library programs, book reviews, and for a social hour. The Library Club has been instrumental in introducing students to Librarianship as a career, and many Bowen students have found their vocations in this way.

A very important organization at Bowen is the National Honor Society. The main objectives of the society are: Scholarship, Leadership, Character, and Service. Many students work hard to reach the goal of membership. To achieve this, one must be a member of the Honor Club for five semesters and earn five service credits.

During this school year the organization had an enrollment of sixty-five students. This number is one of the largest that Bowen has ever had.

After the induction each semester a tea is given by the Senior Girls Council.

"Music is the universal language."

The purpose of the vocal music program at Bowen High School is to give as many students as possible the opportunity of participation in group singing.

The social and cultural value of music, as a subject and as an experience, is far-reaching in its total effect on the personality of the students.

High standards of program and performance are also a part of the program so as to develop discrimination and appreciation for the best in music and art.

Beginning next fall another mixed chorus will be organized as a means of achieving the purpose stated above.

Take no steps backward.

Athletics

As we have travelled through the year with other Bowenites, we have learned the rules that have made us worthy companions on our pathway. The principles of fair play and true sportsmanship learned at Bowen will stay with us, contributing immeasurably to our success as we journey on life's great high road.

Jan:

Promise me you'll
never forget me or
the fun we've had
together on the bus.

Best of luck.
